

VetMedTeam Veterinary Assistant Program

3 Pay Plan Agreement

The total fee for the 3 Pay option is \$1,069.00. The textbook is not included and must be purchased separately by the student.

The payment plan divides the total payment of \$1,069.00 into three installments as follows:

1. \$481.00: Due at enrollment. Covers the 1st through 4th online courses in the program
2. \$294.00: Required to access the 5th through 8th online courses.
3. \$294.00: Required to access the 9th through 13th online courses. No additional payments required for the remaining program components.

Students are provided direct links to the appropriate shopping cart via email.

The clinical experience portion of the course cannot begin until all 3 payments have been made and all 13 online sections are completed. The student may work on determining their clinical practice before all payments are made, however.

Refunds: Installment payments are not refundable. Failure to complete the program does not provide any level of return of fees already paid.

The time allotted for completion of the online courses or the clinical component does not change with the payment plan.

Please read the statement below and indicate understanding and acceptance of the factors and conditions of the installment plan via name, date, and signature.

This document must be scanned as a PDF and attached to the initial "Intent to Enroll" email.

I, (print name clearly) _____ have read both this document and the program information in the course catalog. I fully understand the factors and requirements regarding using the 3-Pay Plan to enroll and pay for the program. I accept the requirements and I acknowledge and accept the no refund policy.
